About This Game

Kim Jong-Boom is a game in which Kim confronts Donald through the arcade game. The player collects paired pictures, and at the end of each round types the password for launching the rocket. Choose your leader and try to destroy the enemy as early as possible, get achievements and just spend time cheerfully together with the timekiller Kim Jong-Boom!

The main goal of the game is to have time to find pairs of cards for a certain time. Go through all the levels and prove that your nuclear potential is higher!

kim jong boom sweater. jongbum kim purdue

10/10 would start WWII again.. Golly, what a freakin jam. would pick this puppy up again twice over. Feces are cash, my guy.. Waste of money, To be honest. But that's why I bought it!

I spend my money so you don't have to!. I went for the feeling in my gut and let Kim Jong-un win worst feeling I'm gonna have Donald Trump, The FBI & the CIA on my tail.. Boring. Repetitive. Heightens tensions between the US and the DPRK..

Completed 01/08/2018.. Well thats 112mins of gametime I would like back. The game is that stupid game of match the pairs.

You have to do this 50 times for each side. But it was a relatively easy 100%
